

WELCOME FOUNDERS

August 2024 Cohort

This August, we onboarded 17 new companies into our portfolio of category-defining B2B SaaS companies from industries across AI, Real Estate, HealthTech, Vertical SaaS, Logistics, ECommerce and more.

Every year we review thousands of startups and invest in the top 1-2% of those companies. These 17 companies are joining a community of 400+ best in class B2B SaaS startups who are changing the way we work, live, and operate.

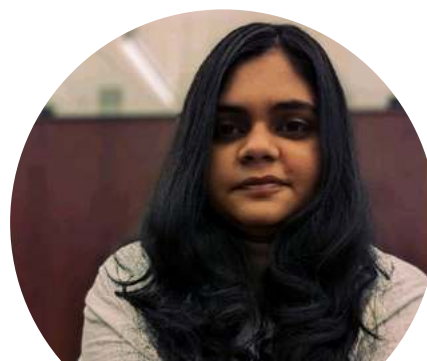

Stay tuned as these companies build, and scale throughout the Accelerator Program!

PRITHVINATH REDDY
GARIGAPURAM

SRUSHTI KATORE

CARA Systems Inc.

CARA Systems offers a noninvasive SaaS triage tool for personalized risk analysis of intracranial aneurysms. It uses noninvasive 3D imaging blood flow dynamics to reduce healthcare costs and free up physicians' time to focus on patient-centric care.

HealthTech

VIC BHATIA

Fixpliance AI, Inc.

Automated compliance remediation for the cloud. Founded by ex-FAANG engineers, we are a Silicon Valley startup using engineering patterns and AI techniques to take the human out of the loop, and automate cloud compliance at scale.
